

**UNESCO/IFESCCO PILOT PROJECT “ARTS EDUCATION IN CIS COUNTRIES:
BUILDING CREATIVE CAPACITIES FOR 21ST CENTURY”
(2009 – 2014)**

**RECOMMENDATIONS
ON THE DEVELOPMENT OF ARTS EDUCATION
IN THE REPUBLIC OF TAJIKISTAN**

For the prosperity of arts education in Tajikistan, requires the coordination of potential. In connection with this speedy decisions require the followings:

- To create a Coordinating Council on artistic and aesthetic education in the Republic of Tajikistan in order to achieve openness of creative processes that necessary for arts education between the Ministry of Culture and Ministry of Education, the Youth Committee, the Committee on Women's Affairs;
- Develop a charter, clauses, programs of the activities of Council in accordance with the needs of the time, taking into account the necessary fundamental changes in the artistic and aesthetic education and cultural system of the Republic of Tajikistan;
- Involve to the activities of Council all links of the educational system, various types and forms of cultural institutions, public and private organizations, entities interested in the development and flourishing of artistic and aesthetic education in the Republic of Tajikistan;
- Summarize and analyze the experience of various ministries and departments in the mainstream of artistic and aesthetic education in Tajikistan;
- Develop and present a document within the form of the state program on arts and aesthetic education in the Republic of Tajikistan that covers all sectors of society and different age groups.

Namely, with resolving the set out recommendations is related the subsequent fruitful work in the mainstream of artistic and aesthetic education in the country.
